APIS Health plan coverage and the Coronavirus

The Apis health plan provides full coverage for diagnostic testing and treatment for regular flu and the coronavirus. You have coverage to access doctors' offices, urgent care facilities or hospitals for testing and treatment. In response to the COVID-19 developments, Aetna has announced **it will waive co-pays, deductibles and coinsurance for all diagnostic testing related to COVID-19.** This policy will cover the test kit for patients who meet CDC guidelines for testing, which can be done in any approved laboratory location. Aetna will waive the member costs associated with diagnostic testing at any authorized location for all Commercial, Medicare and Medicaid lines of business.

Apis offers three medical plans. The employee cost share for any other type of care other than diagnostic testing for Coronavirus/ COVID-19

	Choice POS High	Choice POS Middle	Choice POS low
Primary care office visit	\$25 copay	\$30 copay	\$35 copay
Urgent care visit	\$50 copay	\$50 copay	\$75 copay
Hospital ER	\$200 copay	\$225 copay	\$250 copay

The medical provider will determine the appropriate tests based on their examination.

The Apis plan offers you access to Aetna concierge customer service 800-240-2386

The Apis plan offers teledoc services 24 /7 with no copay and the medical provider may be able to conduct a diagnostic review and order prescriptions for you. To use teledoc requires a 1 time registration of your information call **855.835.2362**. Aetna members should use telemedicine as their first line of defense in order to limit potential exposure in physician offices. Cost sharing will be waived for all video visits through the CVS Minute Clinic app, Aetna-covered Teladoc offerings and in-network providers delivering synchronous virtual care (live video-conferencing) for all Commercial plan designs.

For all access for treatment remember your Aetna medical ID card and **group number #141538**
